

ANCESTOR MEDIA SYSTEM

A.Capps.Attic.Initiative

TERMS OF STEWARDSHIP & PRIVACY POLICY

Effective Date: January 11, 2026 | **Status:** Sovereign & Verified

I. THE SOVEREIGN INTENT

The Ancestor Media System (AMS), a Capps Attic Initiative, exists to protect and propagate biological truth and ancestral legacy. By accessing this Sanctuary, you acknowledge that you are interacting with records governed by a **Human Veto**. Every record, narrative, and insight has been curated by a human steward to ensure the integrity of the human record against digital erosion.

II. THE AI COVENANT (RESTRICTIVE COVENANT)

In defense of human legacy, the following restrictions are absolute:

- **PROHIBITION OF SCRAPING:** Any automated harvesting, "crawling," or scraping of this content by AI agents or Large Language Models (LLMs) is strictly prohibited.
- **TRAINING BAN:** No content within this Sanctuary may be used to train, fine-tune, or inform generative AI models without explicit, written, and notarized consent from the Sovereign Steward.
- **INTEGRITY OF ORIGIN:** Any attempt to re-process these records through machine-learning filters that obscure the original biological truth is a violation of this Stewardship.

III. DATA STEWARDSHIP & PRIVACY

We hold your data in trust, not as a commodity:

- **MINIMALISM:** We only collect the information necessary to facilitate your entry into the Sanctuary (e.g., your email for newsletter updates).
- **NON-COMMERCIALIZATION:** Your personal data will never be sold, leased, or traded to third-party data brokers or marketing entities.
- **COMMUNICATIONS:** We maintain compliance with the CAN-SPAM Act. While our physical address is withheld from the public web-facing hub for the Steward's privacy, it is provided in all official bulk correspondence.

IV. INTELLECTUAL PROPERTY

All visual marks, including the **Sovereign Sanctuary Seal** and the **Human Veto Badge**, are the exclusive property of Ancestor Media System. These marks signify authenticity. Use of these marks to endorse unverified or AI-generated content is strictly prohibited.

V. CONTACT

For inquiries regarding these terms or to request a Stewardship Licensing agreement for educational use, contact:
